99,999 and You Have Electric Service Meters

A milestone in the history of the South Bay's growth and progress was reached this week with the setting of Southern California Edison Company's 100,000th electric service meter in its Redondo Beach district.

According to Edison District Manager G. L. Blanchard, this indicates that more than 300,000 persons are now living in this district which includes Redondo Beach, Hermosa Beach, Manhattan Beach, Torrance, Gardena, Palos Verdes Estates, Rolling Hills, and Rolling Hills Estates, Lomita, and the county area of the Palos Verdes Peninsula.

Site of the historic meter setting was the new home of Albert McBride, owner of Manhattan Realty Company in Hollywood Riviera. His

all-electric home is in the Peninsula's Miraleste section and was built by Gilbert D. Sellan.

"It is fitting that the new home bearing this symbol of the South Bay's progress has been awarded a Gold Medal in recognition of its ultra-modern electrical excellence," Blanchard said.

He pointed out that the 100,000th meter also is indicative of the South Bay's increasingly important role in Southern California.

"Edison has recorded a 141.7 per cent growth in the population of this Redondo district since 1950. Of the electric company's 29 districts since 1950. Of the electric company's 29 districts in Southern and Central California, the local district has steadily risen in proportion-

ate ranking during the past decade.

"For instance," Blanchard said, "the Redondo district was ranked twelfth in population in 1950. By 1960, it had reached fifth in the Edison system."

The electric company's annual payroll here has increased from slightly less than \$1 million in 1950 to more than \$2 1/2 million in 1960, while the number of employees in the district has risen from 235 to 319.

Polio Clinic

Von's Market, 5035 Pacific Coast Hwy., Torrance, will hold a polio clinic Saturday from 11 a.m. until 1 p.m. Shots are \$1.

Use Press classified ads to buy, rent or sell. Phone DA 5-1515.

'Way Out' Theme Of Area Council Fall Luncheon

Executive board of Southern California Council, Beta Sigma Phi, have "count down" plans when they meet at the Charter House, 1700 Harbor Blvd., Anaheim, Oct. 14.

Mrs. Rodney Scholtes, president, will open the meeting from the "Launching Pad" at 10 a.m. The "space" agenda will include procedure for judging directory contests, plans for directory luncheon in January, amendments to by-laws, and a date for State scrapbook judging.

Two members will be appointed to serve on the nominating committee; revision of nominating and balloting forms will be discussed. Final plans will be made for a attending the annual meeting of the four state area councils' executive boards in Bakersfield.

Hostesses for the luncheon to follow the meeting are: Mmes. Edwin Larson, Laura Chapman and Miss Doris Hill. They are carrying out the theme of "Way Out in Space."

Carlton College Carnival Planner

Michael Mullen, son of Mr. and Mrs. Charles Mullen, 1519 Pose Avenue, Torrance, is one of 28 Carleton College juniors participating in planning of 1961 Junior Carnival, Oct. 6 and 7, a two-day extravaganza which has for its theme this year, "Let's Go Pogo," after the famed comic strip character.

A stage show, a midway featuring 40 booths offering games of skill and chance, a beauty and the Beast contest, and a cartoon sideshow are among the special attractions of this annual event.

Begonias Need Autumn Care

Most Tuberos Begonias will run out of blooms sometime this month, and there's nothing the gardener can do to prolong the color when it starts to go. Continue watering the plants after bloom is gone, withholding moisture gradually as the plants yellow off.

The stems should be separated from the tubers only when they come off naturally, and this will probably be sometime in November. Dry the tubers, when you do separate them and store them in a cool place until next year.

NO she didn't forget her GLASSES

Now—so comfortable, so undetectable—contact lenses are for just about anybody: the self-conscious teen-ager, hating to admit she needs glasses... the society miss who feels that conventional glasses subtract from her youthful charm... the man or woman afflicted with forgetfulness who too often leave their regular glasses at home. Whatever your reason for being interested, come in and see what Science has done about contact lenses to make them wonderful to wear.
